

# Everything You Need To Know About The Clitoris

## PRODUCT RECOMMENDATIONS

### BELLA AMORE PASSIONALE CBD-INFUSED LUBRICANT

Literally any lube! Touching a dry clitoris can be painful. Even if you think you produce enough lubricant on your own, adding a little bit extra can completely change your sexual experience. While any lube will do, we recommend Bella Amore Passionale. This is a CBD-infused hybrid lubricant has the perfect blend of water and silicone-based lubricants to help it stay slicker longer. The hemp derived CBD acts as an anti-inflammatory, while encouraging blood flow for optimal sexual wellness and pleasure.

*(Not safe for use with condoms or barrier birth control methods)*

### INTIMATE EARTH INTENSE

This clitoral stimulation gel uses Japanese peppermint oil as its active ingredient to create a tingling effect that heightens the sensitivity of the clitoris. This stimulant makes every touch more intense and makes reaching orgasm easier than ever. Use it with your partner and/or with a toy to give yourself an extra boost.

### FEMME FUNN BOOSTER BULLET

Once you touch the clitoris with it, you might not be able to move, think or even breath until the waves of orgasm come crashing over you. Its shape and flexibility make it super easy to get between you and your partner without being in the way. It also comes in a discreet magnetic charging case.

### FEMME FUNN ULTRA WAND

This ergonomically designed body wand delivers toe-curling pleasure, without numbing your hand. Constructed to keep the power in its super flexible head, as you play with the 10 vibration modes and the boost button for that extra little something.
