BLINDFOLD

Put on a blindfold, relax, allow your imagination to take control, and let your bodies do the talking. When you can't see what's coming, your body is on high alert. Every touch is more sensitive, every kiss more sensual, and every tickle more tantalizing. Free your mind, focus on what feels good, and let the pleasure wash over you.

SPORTSHEETS UNDERBED RESTRAINT SYSTEM

These Velcro restraints are a great way to spice things up. Try tying your partner up, then tickle, tease and please, or relinquish control, tell your partner you trust them and lie back and relax.
