PRODUCT RECOMMENDATIONS

COOCHY SHAVE CREAM

This gentle shave cream is for the most sensitive of areas. It contains nine conditioners that significantly reduce the risk of painful, unsightly razor bumps. It's a great moisturizing conditioner that softens even the coarsest facial and body hair.

INTIMATE EARTH INTENSE

Intense is a powerful clitoral stimulant that features Japanese peppermint oil extract as its active ingredient. Apply one pump of the stimulant directly to the clitoris and rub it in. The peppermint oil will create a cool tingling sensation that will heighten your sensitivity and help you achieve an "Intense" orgasm.

SIZZLE LIPS

Make your partner blush with Sizzle Lips, the edible warming gel that feels hot when you blow on it. Massage it into a small area of the body, blow on it to get warm, and then lick it all off! The more you rub it in, the warmer it feels. Sizzle Lips is an especially great tasting, glycerin-based gel with no after taste.

FLAVORED LUBRICANT

Add delicious flair to your sex life with a flavored, water-based lubricant. Flavored lubricants offer both tasty oral sex and a wonderfully slippery roll in the sack!

ZUMIO

The Zumio is an ideal toy to spice up oral sex for her. Its slender pen-like shape makes the toy easy to hold on to, and its tiny powerful vibrating tip packs quite the punch while staying out of the way so that you can tease her with your now expert oral skills.

BLINDFOLD/RESTRAINTS

Sometimes, all it takes to take oral to the next level is a little role-play. A blindfold will take away your sight and heighten your other senses, allowing you to focus and feel every tender touch. If you are feeling extra frisky, let your partner strap you down, so you are completely at their mercy! Letting go of control helps build trust and can be extremely erotic. Try both of these at the same time for a mind-blowing experience!
