

# How to Touch Me

Everyone likes to be touched differently. Teach your partner how to touch you with this fun activity. Print two copies of this worksheet: one for you, and one for your partner. Draw your facial features, hair, genitals, breasts and other features. Then, using colored pens (green = yes please, yellow = maybe, red = no thanks), color the places you like to be touched. You can write notes and draw arrows to elaborate specific sensations (ex "bite hard" or "nibble"). When you're finished, switch worksheets with your partner. You might just be surprised by what they actually like!
